

# Objectives

- Familiarity with the fundamentals of ethical philosophy that are the foundation of all health care ethics codes
- Understanding of how these fundamentals drive the development of ethics codes and professional standards
- Recognition of where these fundamentals are specifically expressed in the law and in the 2002 APA Ethics Code
- Knowledge of the primary provisions of the 2002 APA Ethics Code
- Awareness of how the law impacts ethics codes and the relationship of ethics to law
- Expertise in how to use the ethical fundamentals in decision making
- Interaction with other colleagues on specific ethical dilemmas, arriving at ethically based decisions on how to deal with difficult cases

# IPA Workshop - Merrillville, Indiana

## “Ethical Decision Making and Risk Management in Clinical Practice”

Friday, September 11, 2009

### About the Presenter

**Jeffrey N. Younggren**  
**Ph.D., ABPP**

A Fellow of the American Psychological Association and a Distinguished Member of the National Academy of Practice, Dr. Younggren is a clinical and forensic psychologist who practices in Rolling Hills Estates, California. He is also an associate clinical professor at the University of California, Los Angeles, School of Medicine. Dr. Younggren served as a member and chair of the Ethics Committees of the California Psychological Association and the American Psychological Association. He consults to various licensing boards on ethics and standards of care, and he qualifies as an expert in criminal, civil, and administrative proceedings. Recently, Dr. Younggren testified regarding the fallibility of memory secondary to trauma and post traumatic stress disorder before the United Nations Bosnian War Crimes Tribunal in the Hague.

### About the Program

*This workshop focuses on the fundamental “how to’s” of ethical decision making when confronted by ethical dilemmas. Attendees will become familiar with the fundamental tenets of health care ethics and how they apply to the practice of psychology. They will also review the basic legal strategies and ethical principles that apply to psychological practice. Finally, all participants will have the opportunity to apply the principles to specific ethical dilemmas in small group discussions. These discussions will focus on resolving specific case examples in a fashion consistent with the fundamentals of good clinical practice. (See other side for workshop objectives)*

### Special Note to Conference Attendees

*Those who attend the workshop and complete the evaluation forms will receive 6 Category 1 CE credits in Ethics. Please note that APA rules require that we only give credit to those who attend the entire workshop. Those arriving more than 15 minutes after the scheduled start time or leaving early will not receive CE credits and will not be eligible for the 15% premium discount from APAIT.*

The Indiana Psychological Association is approved by the American Psychological Association to sponsor continuing education for psychologists. The Indiana Psychological Association maintains responsibility for this program and its content.

IPA is approved by the Indiana State Psychology Board to award Category I CE’s to psychologists.
